2024 Certification – Making It Easier for You

Reduced number of courses

Shorter course length

Test-out option

Other Highlights

- Returning agents are again **exempt** from completing the ***Selling with Integrity*** course.
- VBE HRA training is **no longer a separate or standalone course** – We have embedded the content as a downloadable PDF in ***Our Compliance Program***.
- There is no separate PDP certification for agents who hold licenses in our MAPD states. The MAPD Products and Benefits Overview qualifies you to sell our Standalone PDP plans, which will be commissionable for sales effective as of 1/1/2024.
- Agents who only hold licenses in states where Cigna does not have an MAPD product will be assigned the standalone PDP course on the PDP-Only track.

2024 Certification Training Tracks

The test-out option is **separate** from your training track. To take advantage of the option:

- Launch the test-out track
- Complete each test-out exam
- If successfully completed, you will only need to launch your assigned track and successfully complete the Attestations and AHIP or Pinpoint Medicare Certification

IMPORTANT INFORMATION

You may log on to Producers' University to launch your AHIP certification.

- If you have already completed AHIP, simply [click this link](#) and log on to the AHIP site to transmit your completions to Cigna (no need to manually upload a certificate)
- You can launch the Pinpoint certification directly from your assigned learning track
- Agents taking NABIP (formerly NAHU) will need to manually upload their certificates to Producers' University

Important Note:

If you started 2023 certification and did not successfully complete all requirements including uploading your AHIP certificate prior to our system updates on June 22nd, you are not certified to sell 2023 products/plans. The good news is that 2024 certification also certifies you for the remainder of 2023.
